

CANE DEPARTMENT

REVISED UP TO DATE

We carry a large stock and can fill your orders promptly at lower prices than you can secure elsewhere.

We wish to call special attention to this department, which is strictly up to date in styles, as well as prices. Our years of experience in handling this class of goods puts us in a position to know just what is wanted, and in our usual way we have bought in quantity and secured the lowest prices. Another feature of this department—**WE SHIP ALL ORDERS SAME DAY AS RECEIVED.**

SPECIAL NOTICE—We are having all canes made for this season with the new Japanese bamboo stick which became so popular last season. These are highly polished and enameled by a patent process; finished in dark rosewood and mahogany color. The handsomest and best selling canes now on the market.

GOLD HEADS.

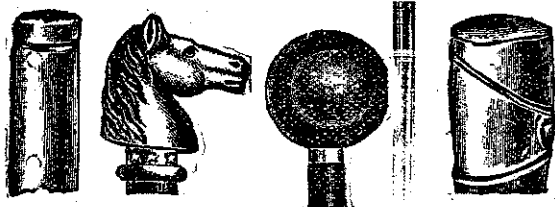

Another new feature of our house. We can furnish all metal head canes in gilt. This makes them very attractive and flashy. Send us a trial order and be convinced.

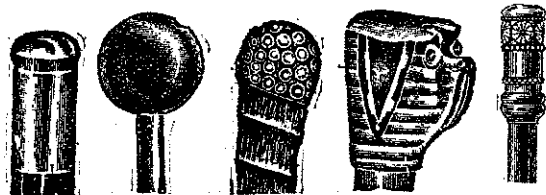

RED, WHITE AND BLUE CANES.

Selected pine sticks covered with red, white and blue paper in alternate spiral stripes, or in flag paper. Ball tops in colors; canes and heads packed separately to facilitate handling.
